PORT OPERATIONS (BP3)

Regional Logistics Centre Limited has an operation office located inside the port of Mombasa. The office referred to as BP3 provides cargo logistics services for consignments handled within the port. The BP3 has operated successfully inside the Port of Mombasa since the year 2003 providing services in cargo handling.

SERVICES

- Motor vehicle handling on direct delivery basis. This involves receiving of motor vehicles at the ship's ramp, inspecting the vehicles at the ramp to determine status ,transfer of vehicles under escort security, and holding the vehicles inside the shed to await clearance by consignee appointed clearing agents.
- Warehousing of bulk cargo and loose cargo inside the shed
- Handling of heavy machinery, including project cargo

Our team of project logistics experts handle consignments of various dimensions and complexity that require specialized lifting equipment.

The team directly handles over a million metric tons of project logistics consignments using special equipment and chartering services.

SERVICES

- Regional and global project logistics alliances of specialists for moving in remote sites and tough terrain
- Standard or Controlled Storage and lay-down services including special handling
- Project logistics management services for a wide range of industries, including construction, mining, power, oil and gas and chemical industries
- Project management, down to the smallest details of your project. Exceptional attention to all regulatory compliance issues, safe operations, and the protection of the environment.
- Subject matter experts to ensure excellent planning and fine tuning of scope of work during pre and post-project period.

OPEN YARD STORAGE

Limitless Capacity, Strategically Located

The CFS is strategically located in Miritini along the Mombasa - Nairobi highway at the Coast and away from traffic congestion roads. Due to this ideal location that is adjacent to the main highway, we are confident in our timely delivery and efficient services and we are also able to support consignments of various sizes for a variety of industry verticals .

Our Open Yards are fully electric fenced, hard-surfaced, manned by Security Personnel and under CCTV Surveillance 24/7.

To ease handling of consignments entering and leaving the Open Yards, we have equipped it with heavy lifting equipment like reach stackers and heavy duty diesel forklifts with licensed and certified operators and riggers.
